

Life Cycle Benefits.

When choosing ThermaFoam R-Control insulation you are getting a material with built-in features that provide environmental benefits over other protective packaging products.

Life Cycle Analysis.

A life cycle analysis by InFo Kunststoff e.V. compared molded polystyrene to corrugated cardboard. The study quantified the energy use, global warming potential, air pollution, and water pollution associated with 1 cubic meter of molded polystyrene packaging or corrugated cardboard packaging.

Results.

Summary.

Results of the study clearly demonstrate the environmental benefits of Molded polystyrene packaging when compared to corrugated cardboard packaging.
